GREAT FOOD. BETTER VIEWS. BEST VIBES. Every bite comes with a side of ocean breeze - fresh flavors, local ingredients, and just the right amount of island magic.

In Swahili, Kaskazi is the warm wind from the north, shaping the tides, cooling the air, and setting the rhythm of island life. Just like the wind, things here move pole pole - slow & easy. No rush, no stress.

Just good food, ocean air, and time to enjoy it all. Got allergies or dietary needs? Let us know - we'll make it right. Chakula Njema!
